The Texan

The Texan's extended covered entry and impressive foyer with soaring two-story ceilings flow into the expansive family room, with a view of the sought-after covered outdoor living beyond. The spacious family room opens to the kitchen and breakfast nook. The modern kitchen is complete with a large center island, plenty of cabinets and counter space, and a large walk-in pantry. The beautiful owner's suite is finished with a boxed ceiling and a generous walk-in closet. The luxe owner's bathroom features separate vanities, a glass-enclosed shower, a free-standing tub, and a private water closet. A secluded guest suite is located on the first floor and features a large closet and a full bathroom. The second floor holds two bedrooms with walk-in closets and shares a full bath. An oversized game room, sitting area, and loft allow for plenty of space for kids and adults to spread out to play or work.
